June 29, 2020

To Our Valued Customers,

As of this date, Levac Supply in Kingston is open to the general public while our Brockville location continues to operate on curbside pick-up and delivery only.

We have implemented strict policies and protocols at each location including the mandatory wearing of masks by our staff and, in Kingston, the same policy applies to our walk-in customers. Those same customers are required to hand sanitize when they enter the building and complete our self-declaration questionnaire, which is also posted on our website. We remain vigilant in our effort to prevent the spread of COVID-19 by also adhering to social distancing protocols.

The demand for many critical items such as masks, gloves and sanitizer remain high and we are making every effort to maintain adequate inventory levels on these items. In addition, we are stocking visors, disinfectant, hand soap and signage among many other COVID-related supplies, in order to allow you to continue to operate safely. Please let us know what you need and we will do our best to supply.

The health & safety of our employees, customers and stakeholders is always our first priority. We thank our front-line health care workers for their continued dedication and commitment in keeping our communities safe, in particular, the most vulnerable among us.

Thank you for your continued patronage as we all work together to navigate through this global crisis.

Sincerely,

Mark Levac

President
